

The series P3-19 plug connectors were developed in order to guarantee the highest levels of reliability and safety. The robust construction ensures continuous and reliable operation. The P3-19 series has been specially adapted for professional event applications.

Technical Data

Operating voltage: 700VDC/500VAC
 Rated current: 25A (max. 41A)
 Temperature range: -55°C to +125°C
 Contacts: gold-plated
 Material housing: aluminum, anodised
 Housing colour: grey
 Protection category: IP67

Features

- Socapex SL 419 compatible
- crimping and solder contacts
- robust construction
- wear-resistant anodisation

Item no.	Description
✓ 165456	PowerSAFE P19 plug 19P-25A, 500VAC, IP67, crimping contacts
✓ 165458	PowerSAFE P19 connector 19P-25A, 500VAC, IP67, crimping contacts
✓ 160492	PowerSAFE P19 plug-in connection 19P-25A, 500VAC, IP67, crimping contacts
✓ 160268	PowerSAFE P19 mounting socket 19P-25A, 500VAC, IP67, crimping contacts
